

How to create a project outline for the SET Foundation 2024

To submit a project outline for a research project, please provide the following information in the form of pdf documents:

1. The completed writeable pdf „*Form for set project outline*“. (Please open the document with Adobe Reader, then just save it without explicitly turning it into a pdf again.)
2. Your outline (not exceeding 4 pages in total)
 - 2.1. Definition of problem and aim of the project (not exceeding ½ page)
 - 2.2. Methods
 - 2.3. Milestones (specifying the pursued intermediate and final results)
3. 3 - 5 publications that contribute to the understanding of the project (pdf files. Please reduce file size, suitable programs and applications are available, within Adobe Acrobat for example.)
4. The signed data privacy statement (Datenschutzerklärung)
